Profile

A talented and driven front-end developer with 2 years of experience in the ever-evolving IT industry. Armed with exceptional skills in HTML, CSS, JavaScript and React.Js, I am committed to creating stunning and intuitive websites and applications that deliver exceptional user experiences.

Professional Experience

Cognizant Technology Solutions, Programmer Analyst [🔗](#)

Dec 2020 – Dec 2022 | Bengaluru, India

- Executed precise code and configuration modifications to optimize system performance by 20%.
- Expertly administered tickets from P2 to P5 priorities and maintained regular communication with the requester.
- Masterfully created an automation utility, optimizing processes and minimizing manual efforts, resulting in a highly efficient and improved overall workflow by 37%.
- Amid a crucial production deployment, rendered on-call assistance to guarantee its seamless execution.
- Skilled at creating and maintaining accurate and comprehensive documentation within the organization.
- Mentored juniors with proactive support and expertise, fostering their growth and confidence when encountering doubts or questions.

Projects

Cryp-\$, Real-Time Cryptocurrency Data [🔗](#)

- Crafted a single-page web application to fetch real-time cryptocurrency data using coin gecko API with the help of Axios.
- Website is not limited by mere mortal devices, as it has been imbued with the power of responsiveness.
- Technologies used:- ReactJs, ChakraUI, npm, git, Vercel.

Portfolio, My Portfolio [🔗](#)

- Crafted a single-page and responsive web application that showcases my skills and highlights the projects I have worked on.
- implemented a form that enables users to send messages directly to my Gmail inbox with ease.
- Technologies Used:- ReactJs, SCSS, React-Libraries, npm, vercel, git.

Mini-Projects

STS-Solutions [🔗](#)

- Created a web application using ReactJS, and SCSS, that showcases the extent of skills acquired as a front-end developer.

ToDo-List [🔗](#)

- Implemented a Todo-List using technologies like HTML5, CSS3 and JavaScript.
- Users can seamlessly perform CRUD operations directly on the webpage.

Education

B.E, Dr. Ambedkar Institute Of Technology

Jun 2016 – Sep 2020 | Bengaluru, India
